REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

A water supply for the town was still the burning question of the day. For some time the trustees had restled with the question and now held hopes for its solution. After much investigation they had determined upon a system owned by the town, and with this end in view at their meeting in the latter part of July the issued a call for an election to determine the advisability of issuing bonds for $25,000 for the installation of the system. This action stirred up public interest in the question generally, and brought out a proposal from a private corporation to establish a system for the town and to supply the people with water. This came from a new corporation known as the Fair Oaks and DRedwood City Water Co which had been organized a few weeks before by Alvinza g Hayward and a few others. The plan of the trustees was to sink wells and pump water into the elevated tanks for distribution while the water company people proposed to take water from the San Francisquito Creek at a high point and to supply people of Menlo Park, Fair Oaks and Redwood City, asking for a franchise for 50 years and a bonus from the town. Owing to a misunderstanding between the town clerk and the editor of the Times and Gezette, the election was never held under this call of the trustees, as it was discovered a day or so before the time set for the election that the call had been published but four times when it had been intended to secure five publications to comply with the law, as it was too late to rectify the error. For a short time this error caused some little feeling against Editor Nutting, who was charged with deliberately making the error with the purpose of invalidating the election, the ground for this charge being that the paper had from the first opposed the plan of issuing bonds. Nutting, however, soon succeeded in showing that the mistake was at least as much the fault of the town clerk as of his by forcing the acknowledgment that the order for the advertisement had been given for four issues and that it had been so marked. This delayed proceedings for a time, but the trustees did give up the bond idea, and not long after began their proceedings anew, as will appear later in these sketches.

As usual with the Order everywhere, the month of July was installation time among the several lodges of the Odd Fellows of this county. In Bay View Lodge the new officers were: I. G. Jackson, noble grand; Henry Horton, vice grand: John Shelly, recording secretary; J. H. Offerman, treasurer; H. N. Nutting, financial secretary; G. Plump, warden; William Holder, conductor; W. J. Welborn and A. B. Fletcher, supporters to noble grand; J. W. Glennan and F. Whooten, supporters to vice grand; C. Hadler and A. Jackson, scene supporters; J. Christ inside guard; William Blair, outside guard. In Pescadero Lodge the following were the officers installed: E. W. Thompson, vice grand; J. C. Williamson, recording secretary; A. J. Baldwin, treasurer; F. Coster, warden. Officers of Ocean View Lodge installed were: Jame S. Schuyler, noble grand; George W. Lovie, vice grand; William Nelson, recording secretary; R. H. Hatch, treasurer. At this time this district comprised four lodges, the three mentioned and one at Mayfield, with a total menbership of 225.

To all appearances to fire fiend was determined that Hanson, Ackerson & Co. should not couduct a warehouse in Redwood City, or at last not if repeated destruction could discourage the enterprising firm. It will be remembered that in in the early part of the year 1875 the fine warehouse of this firm was entirely destroyed by a fire which at the time was regarded as extremely mysterious. The cause of this fire was not determined until the firm began the construction of a new building on the same spot. This new warehouse was completed early in the year 1876, and had beem occupied but a very short time when it was destroyed in the same manner. Fire in the new warehouse was discovered just before 3 o'clock on the morning of the 26th of July, or just one day short of a year from the time of the first fire. The blaze was noticed simultaneously by several people and the alarm given without loss of time, and the fire department responded with more than its usual promptness, but the fire was soon found to be beyond controll. The building was constructed entirely of wood and at the time of the fire was almost completly filled with hay, and the intlamable material burned with great rapidity, and about all the fireman could do was to protect surrounding property, in which they were successfull notwithstanding an intense heat. As in the first case, the origin of this fire was an unexplained mystery as the owners of the place had taken every possiable precaution In fact so carefull were they to close in time to avoid every possible danger that a party who came rather late the evening before the fire with a load of hay was complead to haul it away as they would not allow it to be put in after dark. The loss on the building was estimated at $8,000, with an insurance of $5,000; while the loss to the owners of the hay stored in the place, of which there were several, amounted to about $12,000, insured for about half that amount. Hanson, Ackerson & Co. refused to exhibit signs of discorgement and announced that they would rebuild and be ready for buisness for the next season.

MAJOR HARKINS HAS NEW PLAN FOR FAIR

Makes Some Interesting Suggestions To Exposition People of San Francisco

Major Charles Harkins has made an interesting suggestion to the Panama-Pacific International Exposition management and they will give it consideration in planning methods of advertising the exposition. Major Harkins states his plan as follows:

"As an aid toward securing the Panama-Pacific Exposition, I would suggest that one of California's gigantic redwood trees be cut down and converted into a huge canoe, leaving part of the tree for partitions and bulkheads to give the boat strength and security. There are redwoods growing in California from which a sea-going vessel of the following (or even larger) dimensions could be constructed: Length from 75 to 100 feet, breadth 15 feet or over, depth 10 or 12 feet; the boat to be propelled by a gasoline engine and having a single mast on which to float the Stars and Stripes and the flag of California. A boat of this description, if

"A boat of this description, if properly constructed and equipped, could be navigated to any part of the world. It could, on arriving on our Atlantic coast be sent to visit the cities on the western rivers, and then visit the eastern seaboard cities and from there to Europe.

"It can be easily imagined what a sensation such a craft would create in the ports that it would visit. The expense of construction and equipping a boat of this description would be comparatively small, compared with the benefits to be derived from it in advertising not only the exposition but the whole of California."

CALIFORNIA AT THE CHICAGO LAND SHOW

At the United States Land and Irrigation exhibition in Chicago, November 19th to December 4th, the Southern Pacific company and related lines will maintain a very extensive exhibit of products from the Pacific Coast. California will receive a very large part of the benefit of this publicity. The railroads have secured forty-eight hundred feet of floor space which with the installation and care of their exhibit will cost about $20,000. A large assortment of citrus fruits, processed and dried fruits, nuts, vegetables, grain and alfalfa will be on display and hundreds of thousands of pieces of literature will be given away to inquirers.

Such flowers as the hudrangea, calla lily, poinsetta and the brilliant red flowering eucalyptus will be used in quantities for decorative purposes and small orange trees will be used to lend a California atmosphere to the whole display.

The wall back of the booths, space 70 feet in length, will be hung with fine enlargements of California industrial and scenic views.

One of the principal features will be a series of lectures on the agricultural resources and scenic features of the state. These will be of twenty minute duration and will be profusely illustrated with colored slides and motion pictures. The Southern Pacific will have its regular lecturers, Mr. J. W. Erwin, and Mr. W. B. Leffingwell and in addition lectures will be delivered by Mr. L. E. Rankin of the California Development Board, Mr. A. E. Miot of Tulare County Board of Trade and others. The lectures will be continued throughout each day from 10 o'clock a. m. to 10 o'clock in the evening.

Insurance Rates Go Down.

The Board of Underwriters of San Francisco has granted a reduction of insurance rates in this city from 12 to 25 per cent. The reduction which affects all insurance that was written after September 10th, is given on account of the increased water pressure due to the new storage reservoir and the fact that the city has entered into a contract for the installation of a fire alarm system. It is thought that a further reduction will be given when the alarm system is installed.

The recently-organized Good Templar lodge held a large and enthusiastic meeting on Tuesday evening. Topics looking to the betterment of society were interestingly discussed. The lodge is to have a visit from the grand chief templar in the near future.

CITYOFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

A NOTABLE PUBLIC EFFORT

To those who have been accustomed to regard the Redwood City Merchants Board of Trade as a mere organization of merchants for the enhancement of their own interests, the splendid efforts of that body in the work of securing for this city the location of the boot and shoe factory is a matter worthy of more than a passing note. But for the splendid efforts of President D. R. Stafford and the hearty seconding of his work by his fellow officials, this opportunity to secure for Redwood City the addition of this great manufacturing advantage would have been lost for lack of organized effort.

Nor is this the only good work done for the advancement of the general interests of the city by this organization, especially during the past year. Without appeal to the public for funds to aid in the work, a well planned campaign of publicity has been maintained at no small expense. In fact few except the executive committee of the Board are aware of the very considerable extent of the correspondence maintained from the office of Secretary Archer Kincaid and the efforts that are being put forth to keep before the world the advantages of this seetion.

Especially is this work commendable in the light of the fact that these campaigns for the general good have been carried on without appeal to the general public for funds. The entire expense of these campaigns has been borne by the members of the organization, who are far from the only ones to profft from any increase in the prosperity of the city.

Especially during the past year has the work of the Board been commendable. A thorough believer in the advantages of this section, and imbued with a true public spirit, president Stafford has left no opportunity unturned for the advancement of this work. And in this it is pleasing to note that he has been ably seconded by the members of the executive committee.

Buy Your Hat before Assortment is Broken

Corrdet and Becoming Styles: Unexcelled Values

The extraordinary results in our millinary department have not been brought about without the expenditure of time ,money and skill. Millinery bought of us will conpare favorably with that purchased anywhere, while the price is only a fraction of that asked in San Francisco. It has been brought to our notice that hats sole by us for $15 have been on exhibition in that city as high as $50. Is not this a stricking differance? And for all that—we claim that our hats are better tailored. We carry the trimmed and untrimmed shapes of the best makers in the country.

REGULAR SESSION OF SUPERVISORS

Contracts for Additional Furniture for New Courthouse are Disposed Of.

The board of supervisors met last Monday and transacted considerable business All the members were present.

A notice was read from the National Safe and Lock Company of Los Angeles, informing the board that the vault equipment for the treasurer's office had been shipped on November 20th.

The communication of R. C. Holmquist stated that he was compelled file a claim for laying pipe on the courthouse grounds without it being approved by the superintendent. Same was ordered filed.

A protest addressed to Tax Collector Debenedetti, was read by the clerk. It was signed by L. E. Aubury and other residents of Easton Complaint was made aginst the Easton Grocery Co., for selling liquo by the glass when the company had only a class B license. It was also claimed that liquor was consumed on the place. The petition asked that said license be revoked. The petition was returned to the Tax Collector as the board has no jurisdiction in the matter.

No action was taken on the communication of T. Sheehan, asking for an increase of pay for the election officers of Vista Grande precinct No. 2.

The clerk was authorized to advertise for bids for supplies for the county hospital and farm, said bids to be opened on the first meeting in January.

The name of N. J. McNamara was presented as a bondsman for Chas. Hawke of Belmont, to replace Carl Muller who had withdrawn, and th same was accepted on motion of Coleman, seconded by Blackburn.

The following bids were opened for furnishing additional wood and metal furniture for the courthouse in accordance with the specifications adopted by the board:

Rucker-Fuller Desk Co.—Wood furniture, $2431.50.

Van Dorn Iron Works—Metal furniture, $2479.

Art Metal Construction Company.—Metal, $2324; counter, counter grill and marble for treasurer's office, $677.

Library Bureau—Wood, $2200; furniture for treasuref's office, $270.

M. G. West Co.—Steel, $2243; furniture for treasurer's office,$480.

C. F. Webber Co.,—Wood, $2499.

H. S. Crocker Company—Wood $2342.15.

Blackburn suggested that the chairman appoint a committee of three to examine the bids and ascertain if they corresponded with the specifications.

A careful examination was made of the several proposals and it was found that in all but two instances the specifications had been followed.

The chairman stated that the bids of the Library Bureau and the M. G. West Company were the lowest but it would be advisable for the board to inspect the furniture offered by those companies before awarding the contracts.

Francis took the ground that the companies named being the lowest bidders they should be awarded the contract and if they failed to deliver suitable furniture the board was not bound to pay them.

After much discussion between the members of the board and the various bidders, Francis moved that the wood furniture be awarded to the Library Bureau for $2470 and the steel furniture to the N. G. West Co. for $2243. The motion was seconded by Blackburn. Coleman announced that he would refuse to vote on the question for the reason that no provision had been made in the tax levy for payment of the extra furniture. At this juncture Blackburn withdrew his second to the motion, stating that he was not aware of the money shortage. Casey seconded Francis' motion and the contracts were awarded. Coleman and Blackburn refusing to vote.

Plans and specifications for a concrete arch across the Pilarcitos creek in the Fourth township, presented by Surveyor Neuman, were adopted on motion of Francis, seconded by Blackburn.

A Class A liquor license was granted to D. K. Wood at Princeton by the Sea, in the Fourth township.

William Ford who had been cited to appear and show cause why he should not clear the county road at Burlingame, that had been obstructed by him, failed to respond and the clerk was directed to issue a new citation to Ford and have it served upon him by an officer.

Superintendent MacKenzie rendered a lengthy report, showing that he had disposed of discarded furniture and material from the former courthouse amounting to $278.50, all of which amount had been paid into the treasury expecting $67.50, uncollected.

Mr. MacKenzie then presented his resignation as superintendent, but it was not accepted, it being the sense of the board that he be retained as superintendent until the new furniture is installed and other work completed.

Superintendent John O'Farrell, who has charge of the courthouse grounds explained to the board that he had refused to approve R. C. Holmquist's claim for laying pipe for the reason that the specifications had not been complied with.

Holmquist said he had done the work according to the terms of his contract and was entitled to his money.

D. MacKenzie thought the work was done properly and some if it by his directions.

When asked as to the character of the concrete work done on the grounds MacKenzie said it was poorly done and was according to the specifications. O'Farrell, who superintended the work, claimed. it was well done. The board however refused to pass the contractor's claim.

The following bids were opened for erecting a concrete arch across the Pilarcitos creek in the Fourth township:

John Savage—$2400; extra concrete, per cubic yard, $12; time 90 days.

W. G. Gillham—$2575; extra concrete, $10; time 90 days.

L. R. Huyck (Peninsula Construction Co.)—$1498; extra concrete $10; time 35 days.

E. R. Mitchell—$1880; extra concrete, $11, 90 days.

On motion of Francis, seconded by Blackburn, the contract was awarded to the Peninsula Construction Company.

Assessor Hayward was granted permission to employ an assistant to prepare maps, block books and abstracts of deeds to aid in making the next year's assessessments, on motion of Coleman, seconded by Blackburn.

CITY COUNCIL HOLDS MEETING

New Bridge at East Bradford Street is Finally Accepted.

With all of the Trustees present at the meeting of the Council last Monday evening, practically all the time of the session was devoted to the consideration of routine buisness.

The usual monthly reports of the city officers were submited and approved. The report of Treasurer F. K. Towne indicated that the balance in the general fund had been reduced to but $898.73 a sum insufficient to run the buisness of the city until the next income from taxes. However their is an abundance of cash in other funds, and these will probably be called upon temporarily to supply the defiency so that there will be no occasion for "standing off" creditors. The recipts in the general fund for the month were as follows:

Water rates	$723.55
Licenses	43.
Special permits	15.
Water connections	62.50
Roller hire	12.50
Sewer connections	12.
Fines	25.
Miscell aneous	31.38

Against this the total expenditures amotnted to $6663.16. The occasion of this unusally large expenditure was the inclusion in the one month of two big claims for public inprovements, that of $2012.50 to McGarvey, Hess & Kreiss for the repair of Mound street, and of Moriarty & Perkins of $1650 on accoun of the construction of the East Bradford street bridge. After an expenditure of $147.74 there is a balance of $726.38 in the libary fund.

The report of Health Officer Dr. J. L. Ross shows the health of the city to be fairly good, though not in the exceptional condition of the previous month. A number of cases of measels and mumps had been reported thougt there had been no new cases of late and the infection was evidently subsiding. The report also deplores a tendency on the part of the parents to conceal from the Health Board infectious cases among childrem.

Supplementing the report of Dr. Ross, the Health Board submitted a resolution advising the appointment of a plumbing and sanitary inspector. This brought from Trustee Sampson the information that he has under preparation a general plumbing ordinance which will provide for the appointment of the suggested official and defining his duties. With this information the request of the Health Board was tabled until such time as the ordinance of Trustee Sampson has been completed.

The claim of the owner of the schooner Madaline for damages for an alleaged delay of the schooner at the time of the construction of the new draw bridge was rejected, the Trustees holding that the boat had no claim against the city. It was stated that at the time of the alleged delay the bridge was under construction by authority of a goverment permit and had not been accepted but was still in control of the contractors.

After some time spent in explainations between the Council and Moriarty & Perkins, the contractors the new draw bridge, was accepted and the claim for extra work were allowed after some reductions had ben made.

City Electrician Werder was allowed $5 per month as part payment of the running expenses of his automobile. It was shown that the auto was used daily for the work of the city and was a necessity in the work of the electrician, and the Trestees considered that it was but just that the citp should bear the expenses of its operation while used for city work.

City Attorney Mansfield presented two deeds to property required in the extensiou of Phelps street, but as there are still other deeds required to complete the right of way and as there still appeared to be some difference of opinion between property owners and the Trustees as to detailes of the transactions deeds presented were laid over until the next meeting.

City Attorney Mansfield announced that at the next meening both Dr. Taylor and himself would submit written reports of their attendance at the California League of Municipalities. From his remarks it was infered that several matters of considerable interest would be contained in the reports.

Hearing of the petition of McGarvey, Hess & Kreiss for the acceptance of street work in district No. 14 was continued until next meetimg at the request of the petitioners.

Factory Representatives Here.

A number of the shoe factory representatives of San Francisco were here yesterday and inspected the site offered them and consulted with the committee in charge of the plan to bring the factory here. The conference was quite satisfactory and it is believed that a favorable reply will be given early in December.

County Physicians Meet

Both from a professional and social point of view the last meeting of the San Mateo county Medical Association was one of the special interest to its members. The meeting was held at the Gardiner Sanitarium and was attended by a full delegtion of the physicians of the county. Two able and interesting papers were presented. The first by Dr. Hall of San Mateo, discussed the treatment of diseases of the upper abdomen. In the second paper, Dr. McLinehan dealt with the early diagnosis and treatment of insanitycases. Bothpapers were given thorough discussion by the members of the association.

This was followed by the election of officers for the ensuing year. Dr. F. N. Seibert of Mayfield was chosen president and Dr. Wood Baker of San Mateo, secretary. After the business had been disposed of the physicians adjourned to the banquet hall of the sanitarium, where a bounteous repast was served The next meeting will be held at San Mateo.

Wants Contract Annulled

R. D. Savage has brought suit in the superior court to nullify a contract awarded to Frost & Jones for the construction of a high school at Halfmoon Bay and also asks an injunction against Treasurer Chamberlain to prevent the payment of warrants on the contract. The contract price of Frost & Jones is $17,900, whichSavage alleges was $210 higher than his bid: The complaint further charged that the award was made at an irregularly-called meeting of the trustees and that the architect, C. H. Russell, exercised undue influence to have the contract go to Frost & Jones.

Something New for Next Week.

Ever on the alert for something new for the entertainment of its patrons, the management of the Bell theatre has decided to offer for next week, two nights of splendid vaudeville in addition to its usual program. On next Wednesday and Thursday evenings they will present an old and popular favorite of Redwood City, having concluded an engagement with Frank Cooley and his strong company. Cooley will be remembered as an old favorite at the Alhambra, where he was regarded as a very strong card. In addition to the splendid vaudevile program there will be the usual number of moving pictures of an attractive character. As this engagement entails heavy additional expense the charge of admission will be 25 cents anfor adults and 15 cents for children during these two nights. The public should show such appreciation of this effort for next week as to warrant its repetition.

San Jose and Redwood Unite.

On Tuesday evening W. W. P. J. Foley, who recently left for his boyhood home in Ireland, has written to friends in this city. He dropped off at ElPaso and witnessed a bull fight. He then proceeded to New Orleans. He has a poor impression of the southern city as a place to hold the great exposition Mr. Foley says it is no town for a big affair such ast he Panama-Pacific Exposition will be. The city he says is not attractive and in no way fitted to receive the large crowds that will attend the fair. There will be a reunion of the Foley family in the old home in Ireland next month when members of it will come from all quarters of the globe, and some of whom have not seen each other in thirty years.

Bishop Nichols will visit St. Peter's Episcopal Church Sunday evening at 7:30. He will administer the Rite of Confirmation and presch. There will be the usual serviees in the morning at 11 o'clock.

The Loomis Grocery Company is out with a new Franklin auto delivery wagon. It is to take the place of two wagons. Mr. Loomis promises his patrons quick delivery. The only thing to beat it is an aeroplane and when they are in use he will get one of them.

The Southern Pacific Co. is engaged in putting down asphaltum at the Mound street crossing over which four tracks pass. This is a much needed improvement that will bring joy to the autoists who will now ride smoothly over this crosing.

Thinking of Christmas keep our cameras in mind. Also fountain pens and safety razors in gold and silver cases. We have an unusually good asortment. A. D. Walsh Co., Pioneer Drug Store, No. 12 Broadway.

Deputy Sheriff McGovern arrested W. R. Heneyman last Sunday for exceeding the speed limit for automobiles. He was released by Judge Hannon on depositing $25. He failed to appear the next day and the money was declared forfeited.

The University Hotel at Palo Alto has been sold by Robert Jones to Dr. A. Miles Taylor of this city. The price is $35,000; the monthly rental $300 The property is on the Circle, opposite the Southern Pacific depot.

County Treasurer Chamberlain filed his bond for the new term yesterday. It is a personal bond and among the sureties are some of the wealthiest and most prominent men of the county. The law requires a bond of $150,000, but Mr. Chamberlain qualified in the sum of $532,000.

The Spring Valley Water Company paid its first installment of taxes to the tax collector yesterday. The amount was $32,,145.10, all in $20 gold pieces. Tax Collector Debenedetti almost staggered under the weight of the bulky sum and he is no small man.

A corps of safe movers are engaged in shifting the mammoth safe in the First National Bank. It weighs fifty tons and is being moved to make room for one weighing one hundred tons that will arrive here shortly from the east.

This office has received a large consignment of vegetable seeds from Senator Flint for distribution. Anyone may have a package by calling at the office. Come early for they wont last long.

George Weichring and wife came over from Antioch to spend Thanksgiving with relatives in this city. Mr. Weichring is conducting a prosperous cigar business at that place.

Miss Ethel Swain, teacher of English in the high school went to Marysville to spend her brief vacation with her parents.

Miss Mardell Robinson, who graduated from the high school last Semester, was here from her home in Benicia and spent Thanksgiving with her uncle, J. W. Farnswarth of Wellesley Park.

Miss Catherine Wolfenden, teacher of German in the high school, has gone to Berkeley to spend her vacation with her mother.

Mrs. O. Brace, mother of Harry Brace of this city, is very ill at her home in this city. Her sickness is causing much alarm to her relatives.

All the churches observed Thanksgiving by holding services. There were services in the Episcopal church in the morning at which Rev. Geo. Golden preached. There were union services held at the M. E. church in the evening by the Congregational and M. E. churches at which Rev. Young preached an eloquent sermon on the importance of the occasion. In the morning mass was celebrated in the Catholic church.

Defendants.

You are hereby required to appear and answer in an action entitled as above, brought against you in the Superior Court of the County of San Mateo, State of California, within ten days after (exclusive of the day of service) after the service on you of this summons, if served within said County; if served elsewhere within thirty days.

And you are hereby notified that unless you appear and answer as above required, plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

That the property involved in and affected by said action is described as follows, to-wit:

Lot number two (2) in block twenty-nine (29) of the Abbey Home stead Association as the same is laid down and delineated upon that certain map known as and called "Map of the lands of the Abbey Homestead Association," which said map is now of record in Liber 1 of Maps, at page 14, and Liber 15 of Deeds, page 2, and following, records of said County of San Mateo.

That the object of said action is to obtain a judgment and decree of the above entitled Court, adjudging and determining that the above entitled defendants, and all other persons unknown claiming any right, title, interest, estate or lien in the real property described in plaintiff's complaint, adverse to the title of said estate of William Mitchell, Deceased, or any cloud upon title of said estate thereto, have not, and that none of them has any estate, right, title, lien or interest whatever, in or to said real property or in or to any part or parcel thereof, and that the title of said estate is good and valid, and that all of said defendants and all of said persons unknown, as aforesaid, be forever enjoined and debarred from asserting any claim whatever, in or to said real property or in or to any part or parcel thereof, adverse to the said estate, and for such other, further and additional relief as to the Court shall seem meet and proper in the premises, and for costs of suit.

Given under my hand and the seal of the Superior Court of the County of San Mateo, State of California, this 29th day of October, 1910.

Jos. H. Nash, Clerk.

BLOCKADED

Every Household in Redwood City Should Know How to Resist It.

The back aches because the kidneys are blockaded.
Help the kidneys with their work.
The back will ache no more.
Lots of proof that Doan's Kidney Pills do this.
It's the best proof, for it comes from Redwood City.

Mrs. A. H. Lanfear, Heller and Chestnut streets, Redwood City, Cal., says: "We consider Doan's Kidney Pill an excellent remedy and can give them the strongest recommendation. About three years ago they were first used in our family, when we lived in Buffalo, N. Y. Their use in my case brought prompt and positive relief from pain and lameness in the back and other distressing difficulties due to weak kidneys. To say the least, the results were gratifying. Another person in our household who suffered from backache found Doan's Kidney Pills very effective and has used them off and on since then with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
